Save water, save energy, save money

There are many ways you can use less water and reduce your energy bills. Visit affinitywater.co.uk/savewater

What is an Account Adjustment?

If you are on a water meter you will receive your bill every 6 months, or annually if you are not on a water meter. You may receive an interim bill or an adjustment to your charges in between your normal bills. Common examples of when you may see this could be if you have moved home, changed tariff or we have amended an estimated bill. Details of the Account Adjustment will always be sent with the bill at the time it was produced.
